

HG694340XB BI Hob

Elegant integration with a smooth glass finish

Thanks to this hob's close fit and elegant gas-on-glass design, it can be elegantly combined with your worktop to form a single refined surface.

A discrete overview for precise control

Combining the best of gas power with the latest light technology, this hob uses LED lights to allow you to precisely monitor flame size and heat settings.

Pan supports in elegant, modern design

The hob's cast-iron pan supports have a modern, professional look. Elegant yet highly functional, they perfectly support all sizes and shapes of pans.
