

INTRODUCING THE SHEER BLOUSE PROTECTOR

Your knitwear, cotton tees, business shirts – the clothes you wear day in, day out – need special care to keep them feeling special. Using low temperatures without extending drying times, AEG SensiDry® Technology ensures that garments are never subjected to unnecessary heat. Helping to ensure that the clothes you wear often look

Product Benefits & Features

SAFE, LOW TEMPERATURES

AEG SensiDry technology draws moisture out of fabrics at half the temperature of conventional tumble dryers, without significantly extending the drying time. This ensures that fabrics are never subject to unnecessary heat. Your clothes will keep the textures they had the day you bought them, for longer. And the low temperature

- Heat pump technology achieves unprecedented energy efficiency
- Panel with text in English
- Sensor dryer: the dryer senses when the clothes are dried to the level specified
- Additional time controlled drying programs
- Cotton programs: Cupboard dry, Extra dry, Iron dry
- Synthetics programs: Cupboard dry, Extra dry, Iron dry
- Special drying programs: Bedlinen, Cottons, Duvet, Easy Iron, Mix, Silk, Sport, Synthetics, Wool, activewear
- Woolmark certified Blue-Care drying programme
- Energy consumption (program cotton cupboard dry): only 2.03 (2.6) kWh after spin speed drying at 1400 (1000) rpm
- Reverse tumble action loosens the clothes and prevents tangling and creasing
- Display type: Medium LCD
- Delay start option
- Drying status indication for: Anti-crease/end, Cool down, Cupboard dry, Drying, Extra dry, Iron dry
- Indications for: Condenser, Filter, Tank
- Condense tank position and capacity: Panel left, 5.28 l
- Feet: 4 adjustable feet
- Full load capacity: 8.0 kg
- Door hinge: Left reversible by user

SAVING YOU TIME AND ENERGY EVERY DAY

Our dryers feature ProSense technology, which uses advanced humidity and temperature sensors to adjust the drying time and energy consumption for every size of load - whether it's a day's or a week's worth of washing. This saves time and energy, while gently protecting the clothes that you love and

FUSS-FREE FILTER FOR EFFICIENCY

Only AEG dryers feature the ÖKOFlow Filter System, an extremely efficient filter that is easy to reach and clean. Conventional dryers have multiple filters. If you don't clean them all, energy consumption increases. With only one filter, an AEG machine dries every load effortlessly and maintains its

BUILT-IN PROTECTION FOR YOUR CLOTHES

All AEG dryers have our ProTex gentle drum, specially designed to take care of your clothes. With this patterned drum, your clothes benefit from the most efficient airflow and have room to stretch out for less tangling and creasing.

Product Specification

Product Installation	Free_Standing	Width mm	596
Product Typology	Full_Size_Condense_Heat_Pump	Depth mm	638
Product Classification	Statement	Drum volume	118
Installation	FS	Full load capacity kg	8.0
Drying technology	Heat pump	Cabinet material	Steel
Cabinet type of	Sahara 60	Drum material	Stainless steel Protex
Design family	P one	Tank position	Panel left
Main colour	White	Tank capacity	5.28
Panel colour	White	Filter position	Front cabinet
Insert panel colour	White		
Front door	P1W+Turbine		
Type of timer min.	EDR14		
Push button functions	Anti-crease, Delay start, Dryness, On/off, Refresh, Start/pause, Time dry		
Push button functions number of	7		
Knob/Command functionality	Drying program		
Indicator programme	Medium LCD		
Indicator drying status	Anti-crease/end, Cool down, Cupboard dry, Drying, Extra dry, Iron dry		
Indicators other	Condenser, Filter, Tank		
Display type	Medium LCD		
Other comments technical specifications	Standby II directive compliant from W26/2012		
Height total	850
