

### MEET THE EVERYDAY QUALITY PRESERVER

Clothes that are exposed to too much heat and motion simply will not last. Our ProSense® Technology tumble dryers fine-tune cycles to ensure that they take the minimum time necessary with no over-drying. So your everyday pieces are dried efficiently, monitored constantly and cared for, cycle after cycle.

## Product Benefits & Features

### SAVING YOU TIME AND ENERGY EVERY DAY

Our dryers feature ProSense technology, which uses advanced humidity and temperature sensors to adjust the drying time and energy consumption for every size of load - whether it's a day's or a week's worth of washing. This saves time and energy, while gently protecting the clothes that you love and wear every day.

- Condenser dryer: the moisture is condensed into a water container, no outside ventilation required
- Panel with text in English
- Sensor dryer: the dryer senses when the clothes are dried to the level specified
- Additional time controlled drying programs
- Cotton programs: Cupboard dry, Cupboard dry plus, Extra dry, Iron dry
- Synthetics programs: Cupboard dry, Extra dry, Iron dry
- Special drying programs: Delicates, Duvet, Easy Iron, Jeans, Mix, Pillows, Refresh, Sport
- Energy consumption (program cotton cupboard dry): only 3.63 (4.23) kWh after spin speed drying at 1400 (1000) rpm
- Reverse tumble action loosens the clothes and prevents tangling and creasing
- Display type: Digit
- Delay start option
- Drying status indication for: Anti-crease/end, Cool down, Drying
- Indications for: Condenser, Filter, Tank
- Condense tank position and capacity: Panel left, 4.66 l
- Feet: 4 adjustable feet
- Full load capacity: 7.0 kg
- Door hinge: Left reversible by user

### CHOOSE THE RIGHT TIME TO DRY

Delay Start gives you the freedom to do your tumble drying at the time you prefer. The Delay Start function allows you to automatically set the start time of your drying cycle.

### FULLY REVERSIBLE DOOR. FIND THE PERFECT POSITION

This tumble dryer comes with a fully reversible door. The option of placing the handle in four different positions means you'll have complete accessibility, however you choose to arrange your appliance with its washing machine counterpart.

### Delicates. Dried correctly

Have complete confidence when drying delicate items with two protective functions: Delicate and Sensitive. The Delicate option is consistently gentle, reducing the temperature for the entire cycle. The Sensitive option lowers the temperature at the end of the cycle, preventing overheating.

### Easier access. More convenience

A large door on the tumble dryer makes accessing freshly dried clothing from the drum more convenient. Meaning quicker loading and unloading.

## Product Specification

Product Installation	Free_Standing	Drum volume	104
Product Typology	Full_Size_Condense	Full load capacity kg	7.0
Product Classification	Statement	Cabinet material	Steel
Installation	FS	Drum material	Zinc
Drying technology	Condense	Tank position	Panel left
Cabinet type of	Sahara 54	Tank capacity	4.66
Design family	P one	Filter position	Front cabinet
Main colour	White		
Panel colour	White		
Insert panel colour	White		
Front door	Blind Door		
Type of timer min.	EDR14		
Push button functions	Anti-crease, Delay start, Dry Mode, On/off, Start/pause, Time dry		
Push button functions number of	6
